

Ireland Travel Guide

This document is to be used as a reference for both frequent fliers and for those who have never traveled outside of the country. The guide will help to equip you with the essential information for travel to Ireland, what to prepare for, and what you will need while in the country. This guide is complete with a checklist for travel as well as all traveling restrictions and guidelines for international travel. Additional information on Ireland can be found in the important information on Ireland page of this guide.

Should you have any further inquiry beyond what is covered in this guide you can contact ARAMFO directly for any concerns or questions.

All students need to apply for an international student's card. Students can apply online at this website <http://www.isic.org/>. Any students that do not apply for the international student card will have only 50% of their entry fees paid for by ARAMFO [instead of the 100% with the card]. All community members are responsible for paying all entry fees.

Dressing Do's and Don'ts

- **Walking Shoes:** It is advised that you have sturdy, comfortable walking shoes that are already broken in. *Note: If you bring new walking shoes you will most likely have blisters from the walking.
- **Kinds of Shirts:** Refrain from packing shirts that have profanity or violent images on them.
- **Kinds of Pants:** You should wear pants that do not hang low. If you have loose fitting pants you should also wear a belt.
- **No Reveling Clothing:** You should avoid clothing that reveals the chest, back, midriff, or shorts that go above the knee.
- **For the Sun:** Sunscreen is recommended.
- **Clothes for Movement:** You should pack clothes that are comfortable for movement and avoid tight uncomfortable clothing or impractical shoes for walking (flip-flops, heels, etc.)
- **Clothing for Activates:** Some Museums and religious initiations that we will be visiting have dress codes. To avoid any trouble it is advised that you dress conservatively for these visits. [see Important Information on France etiquette and Laws for more details]
- **For your Eyes:** Sunglasses are recommended.
- **For your Head:** Hats are recommended

Traveling Tips

- **Doctor-** It is always a good idea to schedule a doctor's appointment before you travel internationally, particularly if you experience any kind of medical condition or take prescription medications. It is very important that you discuss the region that you are visiting with your doctor and about any potential risks to your particular medical situation.
- **Insurance-** It is mandatory to have health insurance while traveling with ARAMFO. However, NOT all health insurance offered in the United States can be used in doctors' offices or emergency rooms internationally. Please make sure you have international health insurance before traveling.
- **Bank-** Call your bank and/or credit card Company before travel and let them know you will be traveling to Ireland. Sometimes banks will assume fraud and they will cut off funds to your card (which would not be fun if you planned to buy things with your card).
- **Internet-** Many of the Hotels we will be visiting have wireless internet so you might want to bring a computer/ iPad/ Nook/etc. to communicate with family back home. This is a much cheaper and a less complicated option than purchasing a phone card in the country.
- **Laundry-** When traveling using a laundry service at the hotels can be very expensive. It is recommended bringing powder detergent and a stain stick to wash your clothes in a shower at one of the hotels if needed. Many hotels have clothes lines in their showers for such a need. *Note: Jeans are particularly notorious for taking too long to dry so pack accordingly.
- **Safety-** Pick pocketing and theft is a major issue for many European countries (especially in tourist areas). It is advised to pack the majority of your money in your luggage and only take what you will need for the day. Otherwise you can use money belts to help avoid pick pockets.
- **Other-** A great website for particular questions on traveling to Ireland is on Wiki Travel <http://wikitravel.org/en/Ireland>

What to Pack-Check list for travel- Not all items may apply to each individual

- *Any prescriptions you have
 - You will want a copy of all prescription meds (type and dosage) in the event you lose you prescription during the course.

- Reading material
- Sense of Humor
- Pencils/Pens
- Note book/Diary
- First Aid Kit

<ul style="list-style-type: none"> <input type="checkbox"/> Anti-diarrheal <input type="checkbox"/> Antihistamines <input type="checkbox"/> Disinfectant <input type="checkbox"/> Pain reliever 	<ul style="list-style-type: none"> <input type="checkbox"/> Sleep aids <input type="checkbox"/> Vitamins <input type="checkbox"/> Anti-nausea Wipes <input type="checkbox"/> Lip Balm <input type="checkbox"/> Eye drops <input type="checkbox"/> Band Aids
---	---
- Camera
- Hand bag/ Carry on
 - In the rare event your bag does not make it to France from the flight, pack a spare set of clothes in your carry on or hand bag.
- Electronics- IPod/ MP3/ etc
 - Plugs and chargers
- Others
- _____
- _____
- _____

Medications and Health

- **It is important to pack ALL prescriptions** and a copy of all prescriptions including the dosage and the name of the prescriptions.
- **It is important to pack ALL materials necessary to administer any prescriptions** (meters, syringes, inhalers, etc.)
- **Talk to your doctor-** You may want to talk to your doctor about writing you a back up prescription for while in the country in case you lose your medication while on the trip.
- **Talk to ARAMFO-** It is important to let the ARAMFO team know of any existing medical conditions and prescriptions in the event of a medical emergency.
- **Insurance and ARAMFO-** ARAMFO is not responsible for providing your health insurance for the trip. Should you decide against acquiring proper health insurance, you do so at your own risk and must pay for expense in the event of any problem with your health.

- **Travel Health Insurance-** It is very important on the trip to be certain that your health insurance that you are planning to use outside of the United States is international health insurance. Not all health insurance offered in the United States can be used in the hospitals internationally. It is important to check with your insurance provider that the health insurance you are taking internationally can be used abroad. ARAMFO is NOT responsible if you purchase the wrong kind of health insurance or any health insurance for the trip.
- **More-** Please check this website for more information on health and international health insurance

Important information on Ireland etiquette and Laws

➤ Emergency Situation

- In the event of an emergency the phone number in the country of Ireland is 999 or 112
- Travel leaders also have protocols for emergency situations. In the event of an emergency it is important to inform travel leaders of any and all situations.

➤ Cultural Warnings

- The official language in Ireland is English.
- Petty crime can be a slight issue in Ireland, particularly in tourist areas. It is recommended to wear a money belt or to hide money to avoid trouble with pickpockets.
- When traveling to a religious institution or museums there are sometimes restrictions on dress. It is important not to wear revealing clothes in museums, churches, mosques, or synagogues. For women this means- not to show your legs above the knee, midriffs, chest, backs, or shoulders. For men this means- not to show your shoulders, not to wear too loose fitting jeans (or to use a belt), and not to wear shorts above the knee.
- It is advised to respect the differences between Irish and English heritage/nationality so as not to offend natives.

Immunizations and the CDC

- When traveling you should always check the CDC (Centers for Disease Control) website www.cdc.gov before traveling to see the most up to date information on recommended immunizations.
- Special note:
 - You should always discuss the immunizations with your doctor

- Check the vaccines and medicines list and visit your doctor (ideally, 4-6 weeks) before your trip to get vaccines or medicines you may need.
- Check website www.cdc.gov for more detailed instructions

- As of January 3, 2014 the recommended (up to date) immunizations for Ireland are as follows
 - *Note: You may already have some of these vaccinations and can check with your doctor to see if they are current.
- All routine vaccinations are recommended to be updated for all travelers.
- For more information on vaccinations please visit <http://wwwnc.cdc.gov/travel/destinations/traveler/one/ireland>

At the Airport

1. As Seen on TSA website Concerning Liquids and Aerosols <http://www.tsa.gov/>
 - a) Liquids, aerosols and gels, in limited quantities, are safe to bring aboard an aircraft. Each traveler is allowed one bag in order to limit the total volume of liquids, aerosols and gels. Consolidating products into one bag and X-raying them separately from the carry-on bag enables security officers to quickly clear all items.
 - b) **3-1-1 for carry-ons** = 3.4 ounce (100ml) bottle or less (by volume); 1 quart-sized, clear, plastic, zip-top bag; 1 bag per passenger placed in screening bin. One-quart bag per person limits the total liquid volume each traveler can bring. 3.4 ounce (100ml) container size is a security measure.
 - c) **Be prepared.** Each time TSA searches a carry-on it slows down the line. Practicing 3-1-1 will ensure a faster and easier checkpoint experience.
 - d) **3-1-1 is for short trips.** If in doubt, put your liquids in checked luggage.
 - e) **Declare larger liquids.** Medications, baby formula and food, and breast milk are allowed in reasonable quantities exceeding three ounces and are not required to be in the zip-top bag. Declare these items for inspection at the checkpoint. Officers may need to open these items to conduct additional screening.
2. Luggage Dimensions and Restrictions as seen on Air Europa (airline is subject to change, the following is to be used only as a guideline for international travel to Ireland. Please check your ticket before packing.)
 - i. http://www.aireuropa.com/waeam/xwaea/1/reservas/xreserva_v7.home.html
 - ii. One handbag is allowed with the following dimensions and weighing no more 10 kg / 22 lb
 - iii. Dimensions must be 55 x 25 x 35 / 21 in x 13 in x 9 in.
 - b) One piece of checked luggage are allowed up to 23 kg/ 50.7 lbs
3. You may want to pack under the 50 pounds on your checked luggage if you plan to bring souvenirs back
4. All other travel restrictions and information can be found at <http://www.tsa.gov/>

Map of Ireland

Important Documents for Travelers

- a) Passports are a **must** when traveling outside of the country
- b) Passports must be valid up to 6 months after the trip.
- c) An additional photo ID is recommended- (Drivers license/ Military ID/ etc.)
- d) You will be required to buy a visa while in the country. For 3 to 90 days stay period (one entry) the cost will be approximately \$20 dollars US. You can buy a visa when you land at the air port as long as you are a U.S. citizen.

- e) Green Card Holders and Non-U.S. citizens
 - i. Green Holders and Non- US citizens might have special requirements
 - f) For travel restrictions on Green Card holders and Non- U.S. citizens please visit these sites for more detailed information
 - a. [http://ec.europa.eu/immigration/tab1.do?subSec=30&language=7\\$en#anchor3](http://ec.europa.eu/immigration/tab1.do?subSec=30&language=7$en#anchor3)
